

The following **addendum** can be added to current "Cremation Authorization and Disposition Form"

Addendum to Cremation Authorization Form:

May it be known that the undersigned parties, for good consideration, do hereby agree to make the following changes and / or additions that are outlined below. These additions shall be made valid as if they are included in the original Cremation Authorization Form:

After the cremated remains are removed from the cremation chamber, all non-combustible materials such as orthopedic implants, dental prosthetics, surgical pins, screws, casket hardware, etc., will be separated and removed from the bone fragments by visible or magnetic selection.

The crematory is authorized to recycle these metals through Alternative Solutions USA, a 501(c)(3) non-profit crematory recycling program organized and operated exclusively to generate financial support for crematory/funeral home's charity of choice.

Executed at _____, this _____ day of _____, 20____.
Signature of Authorizing Agent: _____
Signature of Licensed Funeral Director or Individual as a Witness: _____
